

Suro USB

Suro USB is a LED lamp with a rechargeable battery. The touch button allows you to adjust the intensity and configure the switching on and off of the two illuminating surfaces. Combined with one of the accessories dedicated to it, it transforms into a beautiful table lamp or floor lamp. Regeneration service available at the end of the battery life cycle.

Suro USB

	Battery life*
Maximum intensity	H 10
Medium intensity	H 20
Minimum intensity	H 60
	Battery charge*
from 0 to 100%	H 5
from 0 to 80%	H 2 (8 hours of light)
CRI	90
Power	1,8 W

*indicative

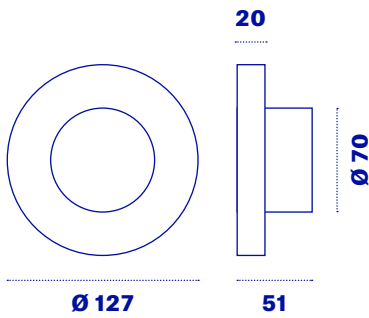

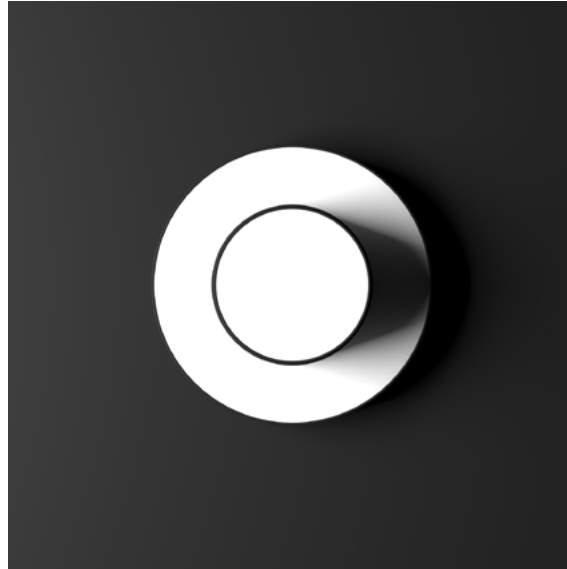

Code	Color	Temperature
SUR-1	Black = N	2700°K = 2K 3000°K = 3K

Charge through USB cable and power supply included.

Suro Wireless

Suro is a LED lamp equipped with a wireless charging battery. The touch button allows you to adjust the intensity and configure the switching on and off of the two illuminating surfaces. Combined with one of the accessories dedicated to it, it transforms into a beautiful table lamp or floor lamp. The IP66 protection index makes Suro a water resistant lamp, perfect for both indoor and outdoor environments. Regeneration service available at the end of the battery life cycle.
